

Questionnaire

SUBJECT: Ethics and Government Officers/Employees on Social Network

Note: **“Social Network”** refers to a website, or network of websites, specifically established to allow end users to communicate directly with each other on topics of mutual interest.

<http://www.onlinematters.com/glossary.htm>

Locations on the Internet where individuals can contact other individuals, share information, join groups, promote their businesses, etc.

www.no2open.com/blog/2010/01/social-media-dictionary-for-small-businesses/

social networks are the colloquial expression for network communities that allow their users to generate and exchange own contents via internet platforms.

- 1) How does social networking affect (positively and negatively) the ethics of DFA officers/employees?

- 2) With respect to social networking, what are your recommendations to maintain/heighten the ethical standards for DFA officers/employees?

- 3) Kindly give some instances in social networking that you find “unethical” for a DFA officer/employee to do?

Thank you very much! ☺
